What is unique about CCMEP?

CCMEP integrates funding from both the Workforce Innovation and Opportunity Act youth program and the Temporary Assistance for Needy Families program to offer more coordinated, individualized services. Ohio was one of the first states in the nation to attempt this degree of cross-program integration.

CCMEP engages participants in meaningful employment and training activities that can help them build lifelong, sustainable careers. It focuses on people, not programs, and gives caseworkers the flexibility to offer more constructive services that build on participants' strengths, increase their skills and meet their unique needs.
